

SKALA 1:2000

0 20 100 200

A map of the Tully area in New York State. The Tully River flows through the center. To the right is the town of Tully. A pink-shaded area on the west side of the river indicates the proposed site for the Tully Water Treatment Plant. The map shows various land uses, including residential areas, agricultural fields, and wooded areas. A red dashed line runs across the bottom of the map.
